

---

**REMARKS**

In the Outstanding Official Office Action mailed September 2, 2004, the previously submitted Amendment of June 7, 2004 has been considered as being non-compliant because claims 36 and 37 were miss identified as being "original" claims when, in fact, they were added by Amendment to the parent application.

The present response has properly identified claims 36 and 37 as "Previously Presented" claims. It is respectfully requested that the present communication be admitted and that an action on the merits of all the remaining claims be issued in due course.

**CONCLUSION**

Upon acceptance of the present communication, claims 1-4, 8, 10-16, 36 and 37 remain in the present application. It is respectfully requested that an examination of these claims be made and an Office Action be issued in due course.

The Examiner is invited to contact Applicant's undersigned representative at direct dial (321) 867-7214 if there are any questions regarding this communication or if prosecution of this application may be assisted thereby.

Any additional charges necessary to prosecute this application are authorized to be drawn against Deposit Account 14-0116.

Date: Sept 17, 2004

Respectfully submitted,

Randall M. Heald

Randall M. Heald  
Patent Counsel, Kennedy Space Center
